

OpenWorm C. elegans network model - Bug #31

NeuroML2 folder location

28 Nov 2012 11:19 - Matteo Cantarelli

Status:	Closed	Start date:	28 Nov 2012
Priority:	Normal	Due date:	
Assignee:	Padraig Gleeson	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
NeuroML2 folder needs to be copied to the root out of celegans folder to be compliant to OSB.			

History

#1 - 14 Feb 2013 15:39 - Matteo Cantarelli

- Status changed from New to Closed

Explorer doesn't need anymore for the NML2 folder to be in any specific location.
